Hi Charles,

I am working on the images for the July Newsletter. I got this email from Jerry Barrish. He did not submit a form through Submittable. How would you like to handle this.

I also got an email from Stephanie Metz with links to some videos. Again, how do you want to handle this?

Hope you're doing well,
Jeff

Hi Jeff,

Thanks for your email and for preparing the images.

I told Jerry to send the announcement to our google groups distribution address, which he did. But you could select an image of his that I can mention it in the news (The free video apparently ends on July 1).

Similarly for Stephanie Metz — an image or two will suffice & I can grab some short text & links from her materials.

I'd like to focus mainly on Spotlight featured artist(s), since that is an exciting new direction in this pandemic. It may also encourage more people to participate.

Thanks again,

Charles
